Clinical Pathology Residency Position

The University of Missouri, College Veterinary Medicine, Veterinary Medical Diagnostic Laboratory invites applications for a 3-year residency in Clinical Pathology. The program provides in-depth clinical pathology training through diagnostic service responsibilities, limited teaching in the professional curriculum, participation in weekly seminars, presentations at national meetings, research experience and coursework leading to an M.S. (thesis or non-thesis) degree. The program is designed to meet the training requirements to sit for the certification examination of The American College of Veterinary Pathologists. Candidates must have earned a DVM or equivalent degree from an institution accredited by the AVMA and must qualify for both, admission to the University of Missouri Graduate School and veterinary licensure in the State of Missouri.

The successful applicant will work with three ACVP board-certified veterinary clinical pathologists and two residents in a professionally-staffed clinical pathology laboratory.

Applications should include curriculum vitae, statement of professional goals, veterinary school transcript & class ranking, and a list of three references (name, address, phone number, e-mail address).

The position is available beginning July 1, 2015 and is benefit-eligible. Applications will be reviewed upon receipt. Application materials can be submitted to Charles E. Wiedmeyer DVM, PhD, DACVP, 900 E. Campus Dr., A345 Clydesdale Hall, Columbia, Missouri, 65211, 573-882-0052, wiedmeyerc@missouri.edu

The University of Missouri is an affirmative action/equal opportunity employer.
