

The University of Missouri Department of Veterinary Medicine and Surgery invites applicants for an open faculty position of Assistant or Associate Professor of Medical Oncology (Tenure or Teaching Track). Interested applicants please go to <http://hrs.missouri.edu/find-a-job/academic/index.php> to view complete job posting and to apply online for **Job Opening ID 22678**.

Job Description

The successful candidate will join an established oncology service dedicated to teaching, clinical and basic science research, and the highest quality patient care. The distribution of activities will depend upon whether a tenure-track or teaching track position is pursued. Primary responsibilities include:

- Teaching students (professional and graduate students) and house officers in clinical and didactic settings.
- Participating in a busy and progressive oncology service.
- Scholarly activity. For a non-tenure track individual, this will include collaboration on clinical research projects, authorship of book chapters, reviews, or other activities relating to oncology or education. For a tenure track individual, this will include development of an independent research focus that will strengthen or extend the work currently being done in the Comparative Oncology and Epigenetics Laboratory.
- Participation in the NCI Comparative Oncology Trials Consortium (COTC) and the Canine Comparative Oncology and Genomics Consortium (CCOGC) activities.

Qualifications

Applicants must have a DVM or equivalent degree; Board certification (ACVIM, Specialty of Oncology) or completion of residency resulting in eligibility for board certification by ACVIM, Specialty of Oncology; eligibility to obtain and maintain a regular or faculty license to practice veterinary medicine in the state of Missouri, eligibility to obtain and maintain DEA and BNDD certificates. Individuals with additional specialty certification (Radiation Oncology), advanced degrees, and other relevant experience are encouraged to apply.

Selection Criteria

Candidates will be assessed based upon educational and professional achievement. Clinical experience, communication skills, experience working effectively in diverse environments, and letters of reference will all be considered in selection of a candidate. The potential for the candidate to work within the framework of the Veterinary Health Center, oncology section and Comparative Oncology and Epigenetics Laboratory will also be assessed, as will specialty and/or research training and teaching experience.

Salary and Benefit Eligibility

Salary will be commensurate with training and expertise.

These positions are eligible for University benefits. The University offers a comprehensive benefits package, including medical, dental and vision plans, retirement, and educational fee discounts. For additional information on University benefits, please visit the Faculty & Staff Benefits website at <http://www.umsystem.edu/totalrewards/benefits>.

Application Materials

Interested candidates should go to <http://hrs.missouri.edu/find-a-job/academic/index.php> to apply online for **Job Opening ID 22678**. Please be prepared to attach:

1. A letter stating professional interests and career goals;
2. Contact information (including email addresses) for three references; and,
3. A curriculum vitae.

Review of applications will continue until suitable candidate is identified and hired. Please direct inquiries about the position to **Dr. Jeffrey Brian**, Chair of Oncology Search Committee, 573-882-7821 or BryanJN@missouri.edu.

Questions regarding the online application process are best directed to HR: (573)882-7976.

Our campus and the Columbia Community

MU's Veterinary Health Center (VHC) is a state-of-the-art teaching and medical services facility for companion animals as well as livestock. Columbia, MO is an ideal location for such a teaching hospital. The population of central Missouri and reasonable proximity to St. Louis and Kansas City provide for a robust small animal emergency and referral caseload.

MU is a nationally competitive, global university. Many states fund separate research and land-grant universities, but Missouri combines those roles at its flagship institution. MU is both a land-grant university with a statewide mission of service to citizens and Missouri's largest public research university. Mizzou is one of only five universities nationwide that offers law, medicine, veterinary medicine and a nuclear research reactor on one campus.

MU is a national leader in comparative medicine, in which researchers collaborate by sharing discoveries, innovations and treatments for humans and animals. For more about the College of Veterinary Medicine and our impact on Missouri, the nation and the world, go to:

- University of Missouri/College of Veterinary Medicine- <http://cvm.missouri.edu/>
- Veterinary Health Center- <http://www.vmeth.missouri.edu/>
- Department of Veterinary Medicine and Surgery- <http://www.vms.missouri.edu/faculty.html>
- Veterinary Medical Diagnostic Lab- <http://vmdl.missouri.edu/>

Four areas are especially strong and growing at Mizzou: **Food for the Future; Media of the Future; One Health, One Medicine;** and **Sustainable Energy**. Collectively these areas are called the **Mizzou Advantage**, a campus wide plan to build on exciting opportunities. **Mizzou Advantage - One Health, One Medicine** offers unmatched opportunities for collaboration in animal and human health. The initiative also connects with research and instruction in health care delivery, policy, business models, medical ethics and the culture of healthy living. MU's research and services in the area of One Health, One Medicine affects our lives in a variety of ways. To learn more, please visit **One Health, One Medicine: The Convergence of Human and Animal Health** or contact **Dr. Carolyn Henry**.

Studies consistently rank Columbia as a top city in which to live for educational facilities, health care, technological savvy, economic growth, and cultural opportunities. The cost of living is still affordable,

whether you prefer an apartment in the city, a farm on a country road or a family home near a top notch school. With a population of 108,500, Columbia is located in the heart of Missouri on Interstate 70. American Airlines connects Columbia Regional Airport with Dallas and Chicago. We have easy access to international airports from both St. Louis and Kansas City, as well.

Diversity Commitment

The University of Missouri is fully committed to achieving the goal of a diverse and inclusive academic community of faculty, staff and students. We seek individuals who are committed to this goal and our core campus values of respect, responsibility, discovery and excellence.

Equal Employment Opportunity

The University of Missouri is an equal access, equal opportunity, affirmative action employer that is fully committed to achieving a diverse faculty and staff. Equal Opportunity is and shall be provided for all employees and applicants for employment on the basis of their demonstrated ability and competence without unlawful discrimination on the basis of their race, color, national origin, ancestry, religion, sex, sexual orientation, gender identity, gender expression, age, genetic information, disability, or protected veteran status. For more information, call the Associate Vice Chancellor of Human Resource Services/Affirmative Action officer at 573-882-4256.

To request ADA accommodations, please call the Disability Inclusion and ADA Compliance Manager at 573-884-7278.
