

College of
Veterinary Medicine
UNIVERSITY OF MISSOURI

WOULD YOU LIKE TO BE ABLE TO OFFER OWNERS OF HORSES WITH DISTAL LIMB
LAMENESS AN ALTERNATIVE TO MRI?

WOULD YOU LIKE TO RECEIVE TWO HOURS OF FREE CE CREDITS?

WOULD YOU LIKE TO HEAR MORE ABOUT THE CAPABILITIES, PERSONNEL, AND
LATEST DEVELOPMENTS OF THE EQUINE SECTION AT THE MU VETERINARY
MEDICAL TEACHING HOSPITAL?

October 24, 2009
Beginning at 10 a.m.

“Use of intra-arterial contrast enhanced CT for diagnosis of distal
limb lameness in the performance horse”*

Sarah M. Puchalski, DVM, DACVR
Assistant Professor of Diagnostic Imaging
School of Veterinary Medicine; University of California, Davis

12:15-1 p.m. Sponsored box lunch for veterinarians

1:30-4:30 p.m. Invited referring veterinarians, horse owners, and
trainers of performance horses tour the MU Equine
hospital and meet with the experts to get a personal,
one-day download of our advanced facilities and
cutting-edge technology capabilities.

Please RSVP to Ms. Becky Elias 573-882-3513
