

The University of Missouri Department of Veterinary Medicine and Surgery invites applicants for an open faculty position in Small Animal Emergency and Critical Care (SAECC). Interested candidates should go to <http://hrs.missouri.edu/find-a-job/academic/index.php> to view complete posting and to apply online for Job ID 22609.

The successful candidate will be expected to perform the following duties:

- Insure timely and accurate triage and care for all cases arriving on emergency primarily during evening and weekend shifts.
- Communicate with clients and referring veterinarians in a timely manner for emergency case management, in both written and verbal formats.
- Supervise and direct interns with all aspects of case management, including financial updates for pet owners.
- Work with Small Animal Emergency and Critical Care (SAECC) faculty, residents, and technicians for case transfers and ongoing management and oversight of inpatients.
- Work with all small animal services during case transfer and management of inpatients in the intensive care unit.
- Provide input to be used in evaluation of all personnel working in support of the SAECC service, including licensed veterinary technicians and student employees.
- Participate with SAECC faculty and house officers to improve knowledge of the discipline and management of the section.

The position is a 1.0 FTE / 12 month appointment.

Benefit Eligibility

These positions are eligible for University benefits. The University offers a comprehensive benefits package, including medical, dental and vision plans, retirement, and educational fee discounts. For additional information on University benefits, please visit the Faculty & Staff Benefits website at <http://www.umsystem.edu/totalrewards/benefits>.

Qualifications

- Applicants must have a DVM or equivalent degree;
- Must be eligible for professional licensure (faculty or regular license) to practice as a veterinarian in the State of Missouri;
- Eligibility for BNDD and DEA certification in the State of Missouri.
- Should have excellent communication and organizational skills;
- Must have experience in emergency medicine;
- Completion of a small animal internship, or equivalent practice experience is desirable;
- Board certification in the American College of Veterinary Emergency and Care is not required for clinical instructor position, but such individuals are encouraged to apply. (***Applicants with board certification, see also open positions for Job ID 18777, Assistant, Associate, Full Professor, tenure or non-tenure track, in SAECC.***)

Selection Criteria

Candidates will be assessed based upon educational and professional achievement. Research experience, communication skills, organizational skills, experience working effectively in diverse environments and letters of reference will all be considered in selection of a candidate. Potential for candidate to work within the framework of the SAECC service will be assessed. For more information please contact Dr. Tony Mann at MannF@missouri.edu.

Apply Online

Interested candidates should go to <http://hrs.missouri.edu/find-a-job/academic/index.php> to apply online for Job ID 22609. Please be prepared to submit a letter stating professional interests and career goals, a curriculum vitae, professional transcript(s) and contact information including email addresses for three references. After applying on this website, send an e-mail to Dr. Tony Mann at MannF@missouri.edu.

Review of applications will continue until suitable candidate is identified.

Questions regarding the online application business process are best directed to HR: (573)882-7976.

Our Campus and Our Community

MU's Veterinary Health Center is a state-of-the-art teaching and medical services facility for companion animals as well as livestock. Columbia, MO is an ideal location for such a teaching hospital. The population of central Missouri and reasonable proximity to St. Louis and Kansas City provide for a robust small animal emergency and referral caseload.

MU is a national leader in comparative medicine, in which researchers collaborate by sharing discoveries, innovations and treatments for humans and animals. The MU campus has within its bounds a College of Veterinary Medicine, a School of Medicine, a College of Agriculture, a College of Engineering, the Missouri University Research Reactor, the Nuclear Sciences and Engineering Institute, the Radiopharmaceutical Sciences Institute and the International Center for Nanomedicine. This unique blend of campus resources creates a synergy to conduct high-quality research and practice cutting-edge medicine. The imaging section of the Department has close ties to all of these groups. For more about this special place and our impact on Missouri, the nation and the world, go to:

- University of Missouri/College of Veterinary Medicine- <http://cvm.missouri.edu/>
- Veterinary Health Center- <http://www.vmeth.missouri.edu/>
- Department of Veterinary Medicine and Surgery- <http://www.vms.missouri.edu/faculty.html>
- Veterinary Medical Diagnostic Lab- <http://vmdl.missouri.edu/>

MU is a nationally competitive, global university. Many states fund separate research and land-grant universities, but Missouri combines those roles at its flagship institution. MU is both a land-grant university with a statewide mission of service to citizens and Missouri's largest public research university. Mizzou is one of only five universities nationwide that offers law, medicine, veterinary medicine and a nuclear research reactor on one campus.

In 2010, the University of Missouri began investing strategically in its areas of expertise through the **Mizzou Advantage**, a campus-wide plan to build on exciting opportunities in: Food for the Future; Media of the Future; **One Health, One Medicine**; and Sustainable Energy. **Mizzou Advantage - One Health, One Medicine** offers unmatched opportunities for collaboration in animal and human health. The initiative also connects with research and instruction in health care delivery, policy, business models, medical ethics and the culture of healthy living. To learn more, please visit [One Health, One Medicine: The Convergence of Human and Animal Health](#) .

The Small Animal Emergency and Critical Care Service at the University of Missouri Veterinary Health Center has received certification as a **Level 1 Veterinary Emergency and Critical Care Facility**. The Veterinary Emergency and Critical Care Society bestows the certification to recognize hospitals that meet and exceed established minimum standards: <http://cvm.missouri.edu/News/SAECC2016.html>.

Studies consistently rank Columbia as a top city in which to live for educational facilities, health care, technological savvy, economic growth, and cultural opportunities. The cost of living is still affordable, whether you prefer an apartment in the city, a farm on a country road or a family home near a top elementary school. With a population of 108,500, Columbia is located in the heart of Missouri on Interstate 70. American Airlines connects Columbia Regional Airport with Dallas and Chicago. United flies from COU to Chicago and Dallas. We have easy access to international airports from both St. Louis and Kansas City as well, with a terrific airport shuttle service.
